ORO[®]-TURF

SPRAY ADJUVANT

ACTIVE CONSTITUENTS

190.8 g/L ANIONIC SURFACTANTS

81.5 g/L ALCOHOL ETHOXYLATE

A WETTING AGENT FOR USE ON TURF WITH INSECTICIDES, MITICIDES, FUNGICIDES, HERBICIDES, PLANT GROWTH REGULATORS AND NUTRIENTS

NET CONTENT

10 LITRES

MANUFACTURED BY

ORO AGRÍ Inc.
2788 S. Maple Ave.
Fresno, CA 93725 USA

DIRECTIONS FOR USE

RESTRAINTS

DO NOT use ORO[®]-TURF on stressed turf.

ORO-TURF can be used where the addition of a surfactant is required or recommended on the agricultural chemical label. Variation in conditions of use can require some changes in the amount of ORO-TURF required.

SITUATION	CROP	RATE PER 100 L	CRITICAL COMMENTS
Insecticides, Fungicides, Miticides	Turf	50-200 ml (0.05-0.2%)	Use the higher rate on hairy, waxy dusty or hard to wet surfaces. Prior to using this product, read all directions on this label and on the label of the agricultural chemical being used, including the Safety Directions, First Aid Instructions, Precaution statements and any Warning statements.
Plant growth regulators and foliar applied nutrients		25-100 ml (0.025-0.1%)	
Herbicides		100-250 ml (0.1-0.25%)	
Hard to kill weeds		400-800 ml (0.4-0.8%)	

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

ORO-TURF is a highly effective surfactant designed for use with turf insecticides, miticides, fungicides, herbicides, plant growth regulators and nutrients requiring a wetting and spreading agent. ORO-TURF can be used where the addition of a non-ionic surfactant is required or recommended on the agricultural chemical label. The non-ionic chemistry in ORO-TURF enhances the physical and chemical properties of the spray solution and assists in overcoming water repellency of the leaf surface. A spray adjuvant added to some pesticide or pesticide tank mixes may cause some phytotoxicity to susceptible crops and plants. Care should be taken to ensure low rates (< 200 ml / 100 L) and high dilutions are used with sensitive crops.

Caution should be used when applying ORO-TURF; it is advisable to apply to a small area before full scale treatments are made.

NOTE ON PESTICIDE EFFICACY EFFECTS

ORO-TURF may increase the response of insecticides, miticides, fungicides, plant growth regulators, herbicides and nutrients. Users and/or applicator should therefore evaluate this response prior to widespread usage and read the entire label before using.

MIXING DIRECTIONS

Half fill tank with water. Add the required amount of pesticide while agitating. Add remainder of the water. Add the recommended amount of ORO-TURF last and continue agitation until completion of spraying. Do not leave spray mixture overnight.

PRECAUTIONS

RE-ENTRY PERIOD

Follow instructions given on the label of pesticides/plant growth regulators/nutrients included in the tank mix.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate ponds, waterways or ditches with the chemical or used containers.

STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN. Store in the closed, original container in a cool, well ventilated area. DO NOT store for prolonged periods in direct sunlight. **Pack sizes over 200L:** Triple rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product. **Pack sizes up to 200L:** This container can be recycled if it is clean, dry, free of visible residues and has the drumMUSTER logo visible. Triple-rinse container for disposal. Dispose of rinsate by adding it to the spray tank. Do not dispose of undiluted chemical on site. Wash outside of the container and the cap. Store cleaned container in a sheltered place with cap removed. It will then be acceptable for recycling at any drumMUSTER collection or similar container management program site. The cap should not be replaced, but may be taken separately.

SAFETY DIRECTIONS

Will irritate the eyes. May irritate the skin. Avoid contact with eyes and skin. When opening the container and preparing product for use, wear face shield or goggles. If product in eyes, wash it out immediately with water. Wash hands after use.

FIRST AID

First Aid is not generally required. If in doubt, contact a Poisons Information Centre (eg phone Australia 13 11 26; New Zealand 0800 764 766) or a doctor.

ADDITIONAL STATEMENTS IN ACCORDANCE WITH GHS

Flammable liquid and vapor. Harmful if inhaled. Keep tightly closed and away from heat/sparks/open flames/hot surfaces. - No smoking. Ground/bond container and receiving equipment. Use explosion-proof electrical/ventilating/lighting equipment and only nonsparking tools. Take precautionary measures against static discharge. Avoid breathing vapors. Use only outdoors or in a well-ventilated area. **IF ON SKIN (or hair):** Remove immediately all contaminated clothing and wash before reuse. Rinse skin with water/shower. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. **IF IN EYES:** Remove contact lenses, if present and easy to do. Continue rinsing. If skin irritation occurs or eye irritation persists: Get medical advice/attention. In case of fire: Use water fog, foam, dry chemical powder, carbon dioxide (CO2) for extinction. Refer to the Safety Data Sheet for more information. **In a transport emergency, dial 000 police or fire brigade. For hazardous materials or dangerous goods incidents ONLY (spill, leak, fire, exposure, or accident), call Chemtrec at +(61)-290372994.**

WARRANTY STATEMENT

Any provisions or rights under the Trade Practices Act 1974 or relevant state legislation which cannot be excluded by those statutes or by law are not intended to be excluded by these conditions of sale. Subject to the foregoing, all warranties, conditions, rights and remedies, expressed or implied under common law, statute or otherwise, in relation to the sale, supply, use or application of this product, are excluded. ORO AGRI International Ltd and/or its affiliates shall not accept any liability whatsoever (including consequential loss), or howsoever arising (including negligence) for any damage, injury or death connected with the sale, supply, use or application of this product except for liability which cannot be excluded by statute.
