SPECIALTY PRODUCTS

Turf Aid is an easy to use spray colourant for turf managers who want to make uniform applications of plant protection products with the added feature of a long-lasting natural green turf colour. The addition of Elicitors of plant response and root stimulants means that application can also improve stress tolerance and recovery and stimulate root growth, whilst protecting the turf against UV radiation and excessive light intensities.

APPLICATION RATES

Turf cut under 12mm: Apply 0.3-1.2L/Ha; Minimum 300-400 Litres of water per Ha. Use higher rates for a darker green colour or at higher heights of cut.

Turf cut higher than 12mm: Apply at a rate of 1-2L/Ha in a water volume of 250-500L/Ha. Use higher rates for a darker green colour and higher heights of cut. For better coverage apply 0.5-1L/Ha in two directions (90° opposite directions).

DIRECTIONS FOR USE

ALWAYS FOLLOW PESTICIDE MANUFACTURE'S LABEL DIRECTIONS

- Fill the sprayer tank $\frac{1}{2}$ to $\frac{2}{3}$ the total volume of water and begin agitation.
- Do not apply **Turf Aid** on athletic sports fields where colourant rub-off onto uniforms or other clothing is undesirable.

For best results, use low to medium sprayer pressure. Avoid overspray on concrete, masonry and any other objects where colour is not desired otherwise permanent staining may occur. Additional overspray may be removed by a water rinse prior to drying.

Timing: Apply **Turf Aid** at approximately 2-3 week intervals during the main growing season and at 4-6 week intervals when turf growth slows and mowing frequency slows. Apply after mowing.

Mixing and spraying: Use PPE for mixing/loading and application: impermeable clothing (long sleeves short, long trousers), footwear. **Hand protection:** Nitrile gloves. **Eye protection:** Tightly fitting safety goggles, face shield. **During handling of concentrated product:** Respiratory protection. Do not leave the spray liquid in the sprayer for long periods (such as during meal breaks > 1 hour. Make up solution as required for immediate use).

EQUIPMENT CLEANING: After application, always drain and clean the sprayer tank, pump, hoses, valves and nozzles as instructed by the pesticide manufacture's label. Dispose of rinsates as per local, state, and federal regulations.

PRECAUTIONARY STATEMENTS: Avoid contact with eyes and skin. May be harmful if swallowed. In case of ingestion, dilute with water and consult a physician. See Safety Data Sheet for additional information.

STORAGE: Store in original container only and keep sealed. Store in closed storage areas. Use caution when moving, opening, closing or pouring. Wear safety glasses and protective clothing when handling this product.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by Federal, State and local authorities.

CONDITIONS OF SALE: The use of **Turf Aid** being beyond the control of the manufacturer no warranty expressed or implied is given by Indigo Specialty Products Pty Ltd regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and Indigo Specialty Products Pty Ltd accepts no responsibility for any consequence whatsoever resulting from the use of this product.
